

DELISTED HEALTH SERVICE PROVIDERS

Below is a listing of health service providers delisted by GSC, including clinics, facilities, and medical suppliers; reimbursement will not be made for claims for services or products naming a health provider/location that has been delisted. This list is subject to change without notice.

While this list provides you with valuable information, it does not identify all health providers where GSC will not consider reimbursement for claims. To ensure the services of a specific health provider will be considered for reimbursement by GSC or to find an eligible health provider in your area, you can use the "Find a Provider" tool (found on the main Online Services menu or on the mobile app).

Recent additions to the list are shown in **bold**.
