

Have an employee who is injured or ill?

Organizational Solutions is here to help.

If your employee has short term disability coverage, a **Recovery Facilitator** from Organizational Solutions will support your employee's safe return to work.

1. Give the ill or injured employee with coverage an STD Program Package.
2. Complete and return the *Employer Statement* to Michelle Oxberry at OASSIS (fax 647-689-3061 or email michelle@oassisplan.com)
3. Organizational Solutions will contact the employee within one business day of receiving the referral.
