

Obesity and its impact on your workforce

Want to learn more about obesity and its impact on your workforce? Join us for this online event to discover the science behind obesity and its far-reaching impact on the health and well-being of your employees. Together, we will uncover the health consequences of obesity, its cost on the workplace, and review the newly released clinical practice guidelines, which offers insight into what you can do as an employer to improve the health of your employees living with obesity.

Join us for webinar on **Dec 1, 2020** at **11:00** AM EST

Presentation by Catriona Forbes

Medical Science Liaison, Novo Nordisk Canada
